Registration record: It's a file that teachers obtain from their licensing body that are mentioned in this table, it states the years of the license and if there was any discontinuity.

Security clearance: It is a proof of the person's criminal record\ the ability to interact with vulnerable groups .

This document can be obtained from the country that the license was issued from or the last country that the person worked in before UAE.

Ex: I'm a teacher with a recognized international license from England and I travelled to Canada to teach for 4 years then I came to UAE, from where shall I obtain my security clearance?

- Please obtain your security clearance either from England or from Canada.

In case the international license got recognized, the teacher will be exempted from the licensing tests.

Teachers with recognized international license will still have to do University certificate equivalency.

Embassy school teachers who teaches Arabic Language, Islamic Studies, and Moral Education will not be granted international teaching license & should follow the UAE Professional Licensure process.
